

Apple Camera & Imaging Tech Talk

Join us for a Tech Talk with the Camera Hardware Engineering team. The team is responsible for all research, design, development, test, and qualification of camera hardware for Apple products.

We make amazing products - and we're constantly trying to make them even better. Case in point: When people use our products to capture images, we want to make sure that the experience is easy, fun, and best in class.

When

Wednesday, October 11

6:00pm - 7:30pm

Where

Woz Lounge, Soda Hall

Please RSVP [here](#)

Feel free to bring a copy of your resume. Casual attire.
